Patent Application of Josef Pitha and George Roth

Filed: herewith

Title: MIMICKING THE METABOLIC EFFECTS OF CALORIC RESTRICTION BY
ADMINISTRATION OF GLUCOSE ANTIMETABOLITES

Hon. Commissioner of Patents
and Trademarks

Washington, D.C. 20231

New Patent Application

Sir:

Transmitted herewith is a patent application entitled
"Mimicking the Metabolic Effects of Caloric Restriction by
Administration of Glucose Antimetabolites". The inventors are
Josef Pitha and George Roth.

Enclosed are 13 pages of specification (including the claims),
14 claims (2 independent) and 1 page of abstract. Applicants
request, in accord with 37 CFR 1.53 (a) and (b), that a serial
number and filing date be assigned to the application as of the
date of receipt of the presented papers. An executed Declaration
and the filing fee will be forwarded in due course.

Please send all correspondence to:

Glenna Hendricks, Esq.
P.O. Box 2509
Fairfax, VA 22031-2509

Please direct all telephone calls to Glenna Hendricks, (703)
425-8405.

Respectfully submitted;

Glenna Hendricks, Reg. No. 32,535
